cimplifi™

CLM Data Migration

There has never been a better time to move your data with confidence and ease.

You have a lot of choices when it comes to selecting a partner for data migration, and there has never been a better time to move your data with confidence and ease. We simplify the process, and we make it easy for you to minimize any disruptions.

Perhaps you fit into one of these categories:

- You have a legacy contract solution and you need to migrate your contracts to a new CLM.
- Your contracts are stored in multiple locations or repositories within SharePoint, Box, third-party platforms, or file drawers and you need to move all your contracts into one searchable smart repository.
- You're trying to get insight into your contracts to drive actionable outcomes, negotiate more wisely, mitigate risk, and make better business decisions.

Cimplifi is a leading managed services and migration partner with proven migration experience, and we can help your team drive adoption and extract critical insights from your contracts within a smart repository that acts as a single source of truth, bringing value to your business operations and better user experiences.

At Cimplifi, we create easy and seamless migration experiences.

WE HAVE MIGRATED OVER 2TB OF DATA AND 1.2B FILES

EXPERTS WITH DEEP MIGRATION EXPERIENCE
We have **extensive migration experience from popular solutions** like Conga, Ariba, SAP, Icertis and more. Our experts perform a robust assessment, developing a data mapping and standardization strategy while leveraging best-in-class technologies to validate data accuracy and perform extensive testing for quality assurance.

A COLLABORATIVE PROCESS
We will **collaborate with you, helping to navigate the migration process** and ensure you have what you need from your legacy repositories to successfully move all your data into your new intelligent centralized repository.

Don't let data migration delay your CLM deployment and the realization of its value. Get in touch today to speak with an expert.
